From now on this routing slip will be included for the convenience of the offices in which two or more persons read the same Newsletter. If the employee responsible for opening and distributing the mail will note the names of the staff members in the spaces provided, the Newsletter should get to each reader more promptly.

If more than six people in your office are using one copy of the Newsletter, let us know and we will send you an additional copy.

VICTORY BOOK DRIVE The 1943 Victory Book Campaign is now under way and will continue through March 5, 1943. The purpose of the drive is to collect books for the men in the armed forces. Current best sellers, recent popular fiction and non-fiction (1930 to date) technical books published since 1935, humorous books, and small-sized editions of popular titles, both current and classical are the types of books desired. Take your books to your public library. Give the book you enjoyed reading most.

PERIODICAL CIRCULATION

We are listing below the periodicals now currently received in the Lincoln Branch. As we are revising our circulation list at this time, we should like to know which periodicals you wish to receive regularly. Magazines will be routed only to those persons who respond to this request, so if you are now receiving periodicals, let us know if you wish to continue to see them.

For the information of the Department personnel not now on our circulation list, the procedure

for routing periodicals is as follows. A routing slip is attached to each magazine noting the names and addresses of all the people receiving that publication. The first person receiving the magazine keeps it for three days and then sends it on to the next person on the list. This procedure continues until every one has seen the magazine, and the last person on the list returns it to the Library. Please place the date and your initials beside your name before passing the periodical on. If a person is out of town and wishes to have the magazine returned to him after it has completed circulation, we ask that the employee in the office responsible for routing mail be instructed to write "Return later" after his name and then send the magazine on. Many of our periodicals have long circulation lists and it is important that they circulate as rapidly as possible. At best, a magazine is rather out of date before it makes the rounds.

Check the list to indicate the titles you wish to have sent to you. If you prefer to keep the list for later reference, just note the titles on the attached form.

VICTORY BOOK DRIVE

The VICTORY BOOK DRIVE to collect books for the men in the armed forces is still in progress. Go through your books and choose the titles you enjoyed reading yourself, for those are the ones our soldiers, sailors, and marines will enjoy too. Take the books to any school or library, as provisions have been made for these agencies to send them on to the camps and ships where they are so badly needed.
